

Workshop Feedback Form — Exit Ticket

The 90-second exit ticket for public workshops: 4 rating items (1-5), one 0-10 recommendation score, and two open questions that produce permissioned testimonials and a voted demand list for the next event.

Report the median of the recommendation score plus the two asset counts (permissioned quotes, clustered demands). Item means are a health check, not the product. Under 30 responses, read the raw distribution instead of an NPS percentage. · scoring: median + asset-counts · range [1, 5]

HOW TO FILL
When: At the door, as people leave. The box sits in the exit path; the card is poker-size, the pen is on the table. Never promise a form by email tomorrow - for public events the next-day response rate rounds to zero.
How: Anonymous by default; quotable by choice (the permission checkbox on the testimonial card). Ninety seconds is the polite maximum.

Circle one number per row. Answer as it is — this is feedback, not a test.

# / Statement	strongly disagree 1	disagree 2	neutral 3	agree 4	strongly agree 5
1 · The workshop delivered what its description promised.	1	2	3	4	5
2 · The length and pace were right for the material.	1	2	3	4	5
3 · The facilitator kept the group working, not just listening.	1	2	3	4	5
4 · I can use something from today without buying anything else.	1	2	3	4	5

Recommendation (0–10)

0-10: how likely are you to recommend this workshop to a colleague?	0	1	2	3	4	5	6	7	8	9	10

Written answers

In one sentence: what did this workshop give you?
feeds into: testimonial file (quote with permission)

What workshop should we run next?

feeds into: programming demand list

Workshop Feedback Form — event summary

- Recommendation score (median) and raw distribution
- Permissioned quote count and the strongest quote
- Top three demanded topics by cluster count
